

YOUNG CAVE MEN OF BROOKLYN ARE ROUTED FROM LAIR

Boys' Mysterious Disappear-
ances Explained by Run-
aways' Hole in the Ground

For several weeks anxious mothers have been appearing at the Hamilton avenue police station, Brooklyn, to complain of the mysterious disappearance of their sons. For a day or so at a time the boys would be missing and their invariable report on their return would be, in true boy fashion, "Oh, nowhere."

Policeman John Heister last night discovered "Nowhere." He was standing near the corner of Columbia and Liqueur streets when he noticed smoke ascending from the center of a big lot. With thoughts of smoldering volcanoes he gingerly approached and found the smoke coming from under a large piece of tin. He kicked the tin aside and found a hole from which issued the loud yelps of a dog and then, "Ah! him—take hold of him, old boy!"

When Heister heard those words he knew it was not the supernatural he had to deal with and he entered the cave and tossed the dog about. He found himself in a room ten feet long, six feet wide and five and a half feet high. Sitting about on school books were five boys, whom the policeman had disturbed in a carnival of cigarettes and dime novels. A red hot stove stood in a corner of the cave and upon it were boiling two tomato cans of coffee. The mystery of the mysterious disappearance of boys was solved.

RUNAWAY BUILT CAVE SIX WEEKS AGO.
Edward Christopher, thirteen years old, of No. 166 Huntington avenue, was the leader of the Desperate Gnomes. He ran away from home about six weeks ago, upon the death of his mother, and has since resided in the cave.

It was Edward who dug the hole. He told Heister he spent a month getting the cave into shape for habitation. But he planned for the company of his fellows. His dog, Snap, was all right as far as he went, but Edward wanted someone to smoke cigarettes with him and discuss the marvellous adventures of Wild Will, the Scourge of the Desert. So he formed a band.

the members of which took turns in spending a day or two with him. Edward told Judge Ryan in Children's Court today that he left home because he thought his dad was mad enough to shift for himself. The boy's coat was half burned off his back, and when asked to explain he said that last night while alone in the cave his jacket caught fire from the stove. He was afraid to go outside where he would attract attention, so he fought the blaze out alone. His hands and face were somewhat burned.

Judge Ryan turned Edward over to the Children's Society.

**GOVERNMENT RECORDS
PRINTED ON "CLAY" PAPER.**
Documents Liable to Crumble and New Paper Standards Will Be Used.

WASHINGTON, Dec. 21.—Discovery by the Congressional Joint Committee on Printing that "adulterated" paper had been used for years in the Government Printing Office led to the announcement of a complete new set of Government paper standards.

The paper adulteration was accomplished by the substitution of clay for the more substantial wood or rag fibres, leading to the grave fear that many of the printed records of the Government will crumble and become unreadable in less than a century.

She Was Cured of Tuberculosis
Cured After Three Doctors Had Given Her Up.

"After being given up by three doctors I was advised by one of the physicians of St. Mary's Hospital to consult Dr. Anderson, whose many successful cures of Tuberculosis and all other Throat and Lung Troubles are known to all. I had a dreadful cough, hemorrhages, pain in chest and shoulder, chills, fever and night sweats, loss of flesh, strength and appetite, and had all the other deadly symptoms of tuberculosis of the lungs. Finally I applied to Dr. Anderson, and his X-ray examination of my chest, showed that the right lung was seriously affected and had a cavity in the upper part of it. After a three months' course of his treatment, including the use (beginning) of his Inhalation, together with applications of Dr. Anderson's Viscosity Treatment I was cured, absolutely, and within three months' time. I began to improve from the very first treatment, and am now permanently cured and entirely relieved from all terrible symptoms. I shall always be exceedingly grateful to Dr. Anderson, who located and correctly diagnosed my disease and cured me of tuberculosis of the lungs, and I feel that I owe it to all sufferers of lung or chest trouble to tell them of my cure." (Address furnished for reference.)

If suffering from any of the unpleasant results of a cold, or if you have any symptoms of catarrh, asthma, bronchitis or tuberculosis, send the warning and consult Dr. Anderson at once. He gives office consultation and examination without charge. Dr. Anderson's office is located at No. 50 West 22d St. between 5th and 6th Aves., New York. Hours, daily, 10 to 4 (Sundays 11 to 2); Monday, Wednesday and Friday evenings till 8 o'clock. New illustrations and book on the treatment and cure of Lung and Chest Disease sent on request to any address.
